123 Westhaven Drive Auckland 1011

### Description

A unique opportunity to secure a truly unique and BRAND NEW custombuilt sportfisher. Designed and built by the highly regarded President Yachts yard in Taiwan to very specific set of requirements for an NZ based client this new vessel with delivery hours only is now available, in Auckland, due to a change in the vendors plans.

With a focus on vast exterior spaces to accomodate large groups of guest for fishing excursions the cockpit floor area has to been seen to be fully appreciated. Transom doors either side of the large built-in live bait tank lead you down to the boarding platform that is large enough to serve as a 'secondary cockpit'. Heading upstairs to the traditional open flybridge once again it is the sense of large open spaces that dominates. The central helm provides excellent vision for the skipper whilst guests can enjoy relaxing and socialising (whether under way or at rest) on the plush L-settee area. To the rear of the flybridge is a large, elevated viewing area to keep an eye on the fishing action below as well as a full size chest freezer to store the day's catch!

Heading through any of the 3 floor hatches in the cockpit and you'll discover the most mind bendingly huge lazerette space imaginable, quite literally the same floor area as the entire cockpit!! The options for storage and fitment of additional equipment in this area are endless.

A water tight bulkhead door at the front of the lazerette leads through to the engine room which continues the theme of big spaces, the twin 670hp D11 Volvos almost appear small in here. With so much room available the engineering layout is clean and simple giving amazing access for servicing.

Stepping from the cockpit (past the electric BBQ) to the main saloon one is greeted with a modern, open plan arrangement presented in a beautifully traditional nautical style. An abundance of finely crafted timber surfaces, teak and holly flooring and lots of natural light create a warm, inviting feel. The lower helm gives a comfortable, weather tight skippering option with plenty of seating for guests to join in.

Accommodation in provided in two generous cabins. The double maser suite forward boasts a central, raised island berth and private access to a full size powder room leading through to the shower room. To starboard is the 3 berth guest cabin featuring a large single and double berth and it's own ensuite toilet/powder room.

Underway the 530 Sportyacht immediately exudes a sense of strength and solidity and punches through a head sea with ease. Comfortably cruising at 20-23 knots she can sprint in excess of 28 knots when required.

Available below build cost she is well worth viewing.
