Description

This new model offers exceptional boating options in an easy-to-handle size – the go-anywhere attributes of our classic blue-water hull and the single-level entertaining that is in the DNA of our popular SUV collection.

In this model, we have introduced a number of innovations that take the SUV to the next stage in Riviera's process of continuous improvement. The new model has a new hull and deck design, offering two generous staterooms and a bathroom on the accommodation deck, a spacious saloon and a cockpit perfectly designed for relaxing and entertaining or for a raft of water sports, from fishing to diving.

The lower deck provides sleeping accommodation in comfort for five adults in two cabins; a forward master stateroom with queen-size walk-around double bed and a midships cabin with three single berths.

The midships cabin includes the twin beds on the starboard side that can be converted with an infill into a large double bed. Ample storage is available under the twin beds and a clever two-metre-long storage cabinet is overhead, above the port bed, suitable for rod or lifejacket storage.

The generous-sized bathroom includes a vanity, Vacuflush toilet and separate shower stall. With two-way access, the bathroom can be utilised as the master ensuite and day head.

In the saloon, a lower helm and companion seat on the port side forward is standard, with the U-shape galley opposite.

The galley includes a two-burner electric cooktop, under-bench convection microwave and under-bench fridge-freezer. There is also a pull-out garbage unit.

The dining area with L-shape seating is aft on the port side and a raised lounge is positioned opposite, offering sweeping views through the wrap-around windows, windscreen and aft through the glass bulkhead door and awning window.

Making the World Debut in 2018, this boat is closer to reaching the market than you would expect for a new model announcement. We have secured one for from the first production run of 12. Don't delay call today to register your interest.
