Description

The Riviera 47-G1 Flybridge is a sleek, spacious vessel that will appeal to both the family cruiser and offshore angler.

She comes equipped with a pair of C12-715hp Caterpillars and Twin-Disc Express electronic controls that produce a cruise speed of 22 knots and a sprint speed of 30 knots. Manoeuvrability is a breeze thanks to her Side Power bow thruster.

Her attributes include an HRO water-maker, Salt Away engine system and an AB 3.6M RIB inflatable with a Yamaha 50hp centre console that's perfect for towing the kids around skiing.

She has been recently updated with silent chines fitted by R Marine Flagship, new Intercooler cores and a full strip down/wash of all coolers within the last 6 months.

The cockpit has recently been fitted with a new awning and clear sides and the euro awning extension is great for keeping the family out of the sun when entertaining.

The expansive flybridge offers an excellent 360-degree view of the water and good perspective of the cockpit and foredeck. Three sided glass windows enclose the bridge and are wrapped with clears behind. The L-shaped settee and table to starboard with additional bench seat also makes this a great place for entertaining.

She has ample accommodation, featuring three staterooms and two heads, all elegantly appointed with a high gloss cherry wood interior. The starboard room offers both a double bed and single bunk, while to port the guest cabin includes two single bunks. Forward, the master stateroom includes a queen-size berth and private ensuite.

This vessel has been meticulously maintained by her current owner and a service history is available upon request. You will be hard pushed to find a better example of this ever popular model! Contact R Marine Flagship today for a private viewing.

Extended Platinum Warranty options are available for this boat & are exclusive to R Marine.
