Description

Our new Riviera 64 Sports Motor Yacht is the latest addition to our long range cruising family. With signature sports looks, sports performance and sporting cockpit, renowned Riviera luxury appointments and superior offshore, extended cruising capability this blue-water yacht has it all. A smooth and quiet ride at speed redefines the class and exceeds expectations.

In designing the hull, we partnered with esteemed naval architects, Mulder Design of the Netherlands, creators of three of the world's fastest super yachts. After extensive international tank testing, the result is a hull design that delivers a smooth, soft and dry ride in a wide range of offshore conditions.

Conceived and built in-house to our exacting standards on Australia's Gold Coast, this beautiful new series of sports motor yachts was inspired by a wish list from our global family of experienced Riviera owners seeking to strike out further for longer to celebrate true long range luxury cruising the Riviera way. Now you and your loved ones can escape the everyday with the most alluring ports within your reach.

Onboard your Riviera Sports Motor Yacht, you will fall under an exotic spell in the absolute lap of luxury, revelling in adventure, exploring, diving, snorkelling, kayaking, fishing, creating and sharing truly memorable moments with family and friends – for as long as your schedule allows or heart desires.
